

(b)(3) CIAAct
(b)(3) NatSecAct
(b)(6)

From the Author:

Here are all the edited chapters save for [redacted] which should follow in a da(b)(3) NatSecAct or so. Changes are highlighted.

Where I eliminated words I usually highlighted a word or two to point out where I cut.

Most of the changes are reflections of yesterday's conversations. As I mentioned, there are a few things that I had added while you were reviewing the chapters. I was cautious with there so I don't think they will present a problem.

Please keep me updated.
I am back here for one evening on Wednesday 26 Aug
Thanks for all of your help
